PROFESSIONAL SUMMARY

My name is Jon, and I'm a Computer Science student at Full Sail University, where I've built a strong foundation in C++ programming. While my coursework has given me solid technical skills, my real passion is web design and development. I'm looking for an entry-level role where I can apply what I've learned, grow alongside experienced developers, and gain hands-on insight into the day-to-day workflow of a professional programming team.

TECHNICAL SKILLS

Programming Languages: C++
Software & Tools: Visual Studio, Git, GitHub, Microsoft Office
Technical Concepts: Networking, Object-Oriented Programming, Classes & Objects, Functions, Loops, Input Validation, Debugging, Version Control, Pull Requests

TECHNICAL EXPERIENCE

Current Course Project

- Developed a C++ console application using object-oriented programming.
- Implemented multiple classes, functions, and user input validation.
- Used Git and GitHub for version control using commits, branches, and pull requests.
- Tested, debugged, and refined the application through iterative development.
- Created technical documentation and a project demonstration.

PROJECTS

Let's Go Home

Let's Go Home is a C++ console text adventure in which the player picks a breed, names their dog, and guides it home after getting separated from its owner at the park. It includes many paths that give different outcomes, an inventory system, and a "combat" system utilizing the items you pick up along the way.

Technologies: C++, Visual Studio, Git, GitHub

EDUCATION

Full Sail University

Bachelor of Science in Computer Science
Expected Graduation: May 2027

Relevant Coursework:
• Programming Fundamentals
• Object-Oriented Programming
• Software Development
• Version Control

EXPERIENCE

- Platform Operations Analyst
    - March 2021 – September 2024
- Support Specialist Level 1
    - October 2024 – October 2025

CERTIFICATIONS

• Microsoft Fundamentals
• Microsoft Azure Fundamentals
